PERSONAL PROFILE

I am an experienced self-motivated junior web developer and I am studying hard to improve myself to achieve my ambitions. I have been teaching myself variety of technologies since November 2018 using different learning sources including online courses. I am always curious about new technologies and keen to learn more.

I am a mature team worker and adaptable to all challenging situations. I am able to work well both in a team environment as well as using own initiative. I am able to work well under pressure and adhere to strict deadlines

WORK EXPERIENCE

Junior Web Developer - Part Time
The Developer Academy | June 2022 - January 2023

- Worked on developing and maintaining several web applications using HTML5, CSS3, javascript, React. Node.js. and MongoDB as the backend database.
- Collaborated with cross-functional teams to ensure timely delivery of projects.
- Assisted in troubleshooting and debugging code issues

Freelance Software Automation Tester - Part Time
Flippler GmbH | February 2021 - August 2021

- I worked as an automation tester, using Swagger, Postman, Azure platform, Space. I did not work with a UI to make tests so I was only responsible for endpoint tests on Swagger and Postman.

Website Creation and Maintenance Using Wordpress
Sheffield | March 2020 - 2021

- I voluntarily made a website for Community Contact Tracers who have become well known nationally for their work during the pandemic.

IT Service Operations Analyst
NHS Sheffield Teaching Hospitals | Feb 2019 - Feb 2020

- Making digital forms and dashboards for different departments by using Cherwell Business Management tool
- Following user accounts requests, restoring development environments using Cherwell, Commvault, SQL Server Management Studio 2016

P R O J E C T S
